

OPEN APPEAL TO THE 114TH CONGRESS

**REFORM THE INSANE POLICY OF
AUTOMATIC BIRTHRIGHT CITIZENSHIP!**

The current policy of unrestricted birthright citizenship adds hundreds of thousands of people to our already overpopulated nation each year. It's time to come to our senses and reform this outdated and insane practice once and for all by passing The Birthright Citizenship Act of 2015.

The issue of automatic birthright citizenship should not be a partisan issue. It is so clear-cut, it must be separated immediately from the debate over "Dreamers" and other reforms that involve tens of millions of immigrants.

**Doing away with automatic birthright citizenship should be a simple YES/NO vote.
That vote must be taken soon!**

The law must be changed to clarify that American citizenship would only be granted to a child born in the United States when at least one parent is a citizen, has a green card, or has served in the military. Passing Senator David Vitter's S. 45 or Congressman Steve King's H.R. 140 would make that happen.

We are now to a point where an entire multi-billion dollar industry is being built by those who recruit pregnant foreign women to travel to America to give birth and gain a future foothold for entire families to eventually come to our country. Passing the Birthright Citizenship Act will bring a halt to this open mockery of our laws.

In addition, it is estimated that as many as 350,000 anchor babies are born in the U.S. annually, greatly adding to our already out-of-control population numbers. This must be stopped!

National polls continue to show that the majority of Americans support eliminating automatic birthright citizenship. Please listen to the people. Reform this reckless policy today.
